

I strongly oppose Bill SB 477 and Bill SB 5397. This Bills will only hurt the law abiding Connecticut citizens and strip us of our 2 amendments rights to bare arms .we already have bills to address mental health and back ground checks . only the criminal and felons don't follow the laws .It will not pervent crims by criminals . Only a stronger stance on crime and punishment will pervent more crime . you all took an oath to up hold the constitution . I oppose this Bills. Thanks concerned citizen.
